Brokerage Alternative Investment Order and Disclosure Form

- An Alternative Investment is an investment that is not traded on an exchange and is usually more complex than exchange traded products like stocks, bonds, and mutual funds.
- Alternative Investments include products such as Limited Partnerships, non-traded REITs, Business Development Corporations, closed-end funds or interval funds.
- Registered offerings are sold by prospectus. Unregistered offerings (Regulation D, or private placements) are sold by Private Placement Memorandum or PPM. Please ensure your financial professional provides you with the most up-to-date prospectus or PPM for the offering. It is also important that you read the prospectus or PPM because they provide important information and disclosures to you about the investment which may influence your decision to invest.
- Alternative investments tend to have more risk associated with them, and you may lose your entire investment.
- Alternative investments are only available to sophisticated investors, and Coastal reserves the right to reject your order at its sole discretion.
- Securities offered by Coastal Equities, Inc.
